HOUSE *of* PONTОВI

Drawing inspiration from Napa's richly varied landscape & where freshness, depth, and complexity coexist. The House of Pontovi brings this same balance into each bespoke furniture. In collaboration with The Ness Group, our collection echoes the spirit of iconic mid century California, reimagined through a modern, sculptural lens.

Just as Mondavi welcomes guests with warmth and refinement, our process begins with an inviting, collaborative approach. Every piece is thoughtfully designed to evoke comfort and connection & crafted to live beautifully in communal spaces, outdoor terraces, and rooms meant for lingering.

The House of Pontovi and Robert Mondavi, each custom furnishing becomes its own timeless classic, shaped by craftsmanship, narrative, and a deep sense of place.
